the "Lake Contrary" of St. Joseph, the
champion club, of that city, next Sat-
urday afternoon at 3 o'clock at the ball
park, and they will come as near doing
it as any club in the state, too. Don't miss
this game.

—The Bluff City Sunday school will
give their annual picnic in the grove
near C. Schlotzhauer's residence, Sat-
urday, August 23rd. There will be good
music and speaking, with plenty of re-
freshments on the ground. A good time

Day" we find in the St. Joseph Herald
of a late date this note: "Negroes of all
ages are attending school at Meaverville,
Ga. One negro woman 75 years old goes
and carries her children." etc. Now if
that woman ceased to bear children at
the usual age she must carry a heavy
load. Just think of it, the youngest must
be about thirty.

on a Cart and Harness—twelve different
styles of Cars.

living six miles southeast of Maitland,
is erecting a fine residence.

ever brought to Oregon, are sold by H.
C. Schmidt, and very cheap too.

—Elder Siborell will conduct services
at the Union school house next Sunday
forenoon and at Oregon at night.

—A few more men in this town like
Niel Hohlitzel would soon renovate it
and make it look like a new place.

—Married, by Elder Siborell, at the
residence of Joseph Minchall, on the
10th inst., Mr. Elmer Minchall of Falls
City, Nebraska, and Miss Sarah M.
Fields, of Holt county.

—The attractions at the Maitland
fair this year will be better than ever
before. Entries in all departments are
coming in every day. A number of fast
horses are all ready there in training.

—D. A. Gelvin, of Maitland, received
100 head of feeding cattle last week. J.
C. Bohart also shipped in 100 head.

—Dave shipped a train load of cattle and
hogs to Chicago last Saturday. During
the month of July D. A. shipped fifty
cars of stock.

—There will be a game of base ball
played between the Oregon "Azurines"
and the "Lake Contraries," of St. Joseph,
next Saturday afternoon at 3 o'clock p. m.

—The "Lake Contraries" are now the
champion amateur nine of St. Joe, and
an intensely interesting game will be
looked for.

—Miss Nannie Watson has a bantam
hen which raised a pair of partridges
this season. The eggs were placed under
her while sitting on others. The young
birds were quickly at first but are ap-
parently domesticated now. Their opin-
ion of their big barn yard associates
would be worth having.

—The male members of Nickell's Grove
class are requested to meet on the camp
ground, August 20th, at 8 a. m. for the
purpose of cleaning up the camp ground
for the coming meeting, and to attend to
other affairs connected with the services.

them the privilege to run a lunch coun-
ter on the grounds.

—A lawn festival will be held in New
Point, Tuesday evening, August 19th,
under the auspices of the W. C. T. U. A
fine literary program and musical enter-
tainment is in preparation. There will be
recitations by four of Prof. Morris's elu-
cution class. The music will be furnished
by the New Point Cornet Band. Oscar
Baker will perform on the violin with
organ accompaniment. A cordial invita-
tion extended to all. Usual refresh-
ments will be served.

—The county Democratic nominating
convention, which was to have been
held in Mound City next Saturday,
August 10th, has been postponed. We
understand, subject to the call of the
chairman. The occasion of this post-
ponement seems to have been caused
by the people's meeting in Maitland last
Saturday, deciding to hold their nomi-
nating convention in Mound City, Fri-
day, August 15th, one day in advance of
the Democratic convention.

—Thomas Fryman and family returned
from Smith county, Kansas, last week
after their trip there several years only to
be disappointed and have now returned
to their early home where they know
there is a living in store for all who will
work for it. Mr. Fryman's corn, which
in June gave promise of a good crop,
was dry enough to burn when he left it
two weeks ago. Those who are com-
fortably fixed here should profit by such
experience and remain where they are.

—New and Novel Races at the Mait-
land Fair. The Gymkana Races as run
in India. Have never been produced
but twice in this country—at Oyster
Bay and Cedarhurst, New York, this
year. Something entirely new and very
entertaining. The entries are now a
certainty and there will be one of the
most attractive features of the fair. The
farmers race already has twenty entries.
The track is in elegant shape and very
fast.

—From a copy of the Santa Cruz daily
Sentinel, of California, we learn that W.
R. Springer is engaged there as optician
and watchmaker. He publishes a weath-
er report for July in the Sentinel giving
the range of the thermometer, barometer
and humidity of the atmosphere. The
highest temperature given is 83 just
20° below the highest given by
Kaucaher of this place. The mean re-
lative humidity at Santa Cruz shows a
damper atmosphere than we have. The
dampness for the month there was 65, here
57. Our temperature with Santa Cruz
humidity would cause the people to
"fasciate" their "nuif."

—A farmer had a son who showed
no special aptitude for business and he
suggested that he try to do with him. He
concluded to try an experiment, so he took
him to a room in a room in which there
were only a Bible, an apple and a dollar.
A few minutes later he stole quietly to
his room. He had made up his mind
that if he found the boy eating the apple
he would make a good farmer. He
was reading the Bible he should be
trained for the pulpit, and if he had
taken the money his success as a broker
was rather thought, an apple and a dollar.
